

Mobile Fuel Depot TPF5

Two 900 liter AI tanks for petrol and oil (used as well for contaminated liquids) and a 900 liter AIII tank for diesel is placed on the platform. Furthermore you also find two 750 liter AIII tanks for coolant and washer fluid on this platform.

Equipped with 5 storage tanks the TPF5 platform offers everything that is needed for the collecting of fluids of End-of-Life vehicles (ELV).

- Fully mobile tank platform
- Suitable for all systems
- Easy and safe to use
- Pumps, displays and nozzles are optional
- No need for fixed piping to be installed
